OVERVIEW

[1–3 sentences: what this activity/assignment is, why it matters, and what skill or competency it builds. Name the framework or standard it connects to, if any.]

STEPS

1	**[time]** **[Step name]**	[What the TC actually does in this step — one clear instruction, not a paragraph of theory.]
2	**[time]** **[Step name]**	[Step instructions.]
3	**[time]** **[Step name]**	[Step instructions.]

> **Reflection prompt** *[Question to hold while completing this activity — should point back to the MT competencies or a portfolio theme, e.g. professional identity, growth over time.]*

Portfolio output [What this produces that a TC could save into their Guidebook/portfolio]
Feeds into [Where this connects later — a course assessment, the summative evaluation, a future interview story, etc.]

[Callout heading — e.g., "If you don't have X yet"]
